

Community Access Products

A lineup of solutions from the nation's most trusted access brand.

We give the power of access and knowledge.

Powered by myQ and designed for multiple applications, our Smart Access Solutions help streamline the management of buildings, residents and property access points. Visibility to those entering a property provide community managers and residents the safety and security expected and delivered by LiftMaster.

POWERED BY myQ

Access Control

Get a completely integrated solution with our Smart Video Intercoms enabled by myQ® software. Keep your community safe, secure and running at maximum efficiency with a variety of advanced safety and convenience features.
